

My Life

First, my name is Rodas.

My country name is Eritrea. I left my homeland in 2015 to go to Ethiopia. I was a refugee in Ethiopia. I took my first airplane trip to come to America to join my family.

I have been here in Buffalo NY since May 2018. I have now been here for 2 months. My family includes my mom, dad, 4 sisters and 1 brother. They have been in America since 2012. Thankfully we are all here together now.

I stayed behind to be with my grandmother. She died in February 2017. I love her and miss her very much. I was all by myself for over 1 year until I was able to join my family in Buffalo.

I love Buffalo. It is a nice place for me. I have a program to get myself started on a career, and to learn English and other high school subjects so I can prepare to go to college.

I would like to become a medical doctor. I will start by studying Biology.
